Work Experience

UX/UI Design Intern June 2025 – September 2025

[TurnBased Studio](#)

- Analyzed project requirements to define user needs and design goals that aligned with business objectives.
- Delivered **100+ wireframes** across core app flows (onboarding, event planning, user profiles) using Figma.
- Translated hand drawn designs into interactive, low-fidelity Figma prototypes, enabling stakeholders to visualize functionality flow.

Student Ambassador August 2024 – June 2025

[Irvine Valley College Outreach](#)

- Represented IVC with campus tours, presentations, and community events, engaging with **30+ prospective students** weekly and increasing visibility of IVC programs and services.
- Supported marketing campaigns, conferences, and college fairs to increase outreach visibility across **20+ partner schools**.

Marketing AI Intern March 2025 – May 2025

[HubSpot, AeroDefense](#)

- Produced a full marketing campaign (blogs, landing pages, automated emails) for AeroDefense
- Built buyer personas into AeroDefense's HubSpot CRM and leveraged AI tools to personalize messaging, increasing campaign alignment with audience needs.

UX/UI Design Intern April 2023 – December 2023

[Road2 Education Foundation](#)

- Designed a student dashboard with gamified progress tracking to boost engagement for student learners.
- Created wireframes, UI mockups, and interface elements in Figma, applying behavioral psychology to reinforce learning habits.

Extracurricular Activities

Frontend + UI Designer April 2025

[IVC Laser Hacks](#)

- Designed and coded landing + form pages in HTML/CSS during a 3-day hackathon
- Produced wireframes, visual branding, and UI layouts that guided backend teammates' implementation

USC AI & Semiconductor Chips Summer Program July 2024

[USC Institute for Technology Enabled Higher Education](#)

- Selected for a competitive certificate program focused on AI applications and semiconductor technology.
- Attended expert-led lectures from USC faculty and industry professionals on the intersection of AI, big data, and consumer behavior.

PR & Marketing Director August 2023 – May 2024

[IVC Business Leaders Society](#)

- Designed, created, and promoted club marketing materials, including social media graphics for Instagram and Discord, increasing event visibility and engagement.
- Facilitated career development workshops (LinkedIn, resume building, and career exploration), equipping students with practical job readiness skills.

Education

Cognitive Science, BS

[University of California, Los Angeles](#)

Sept 2025 – Present

GPA: N/A

Cognitive Science & Informatics

[Irvine Valley College](#)

Aug 2023 – May 2025

GPA: 3.9 | Magna Cum Laude | Dean's List

- Associates in Arts: Emphasis in Liberal Studies
- Full Transfer Certification: UC IGETC

Relevant Coursework

CS 36: C Programming

CS 37: C++ Programming

CS 10: Intro to Python
